FOREWORD

The 4-H Experience facilitates the development of young people by encouraging them to personally explore a variety of interests and participate in the sharing of decision making and program planning. This "learning by doing" instills in the 4-H member self-respect. The positive self-image gives the individual confidence and, therefore, contributes to his or her living a more satisfying life.

The Lancaster Fair enables members to exhibit their projects and provides them with an opportunity to receive constructive criticism. We trust that everyone involved with the fair will make this learning experience a meaningful one for each exhibitor.

The Coös and Essex Agricultural Society has generously provided for this Premium List which has been planned especially for 4-H members of Coös and Essex Counties. Efforts have been made to have classes include as many projects as possible, common to groups in both counties.
