ABOUT THIS WORKSHOP

This workshop is designed for experienced producers who want to better understand organic soil, crop and disease management in high tunnels. Grower and researcher presentations will be followed by a farmer-to-farmer discussion where you can learn from each other.

PESTICIDE CREDITS AVAILABLE

New Hampshire Risk Management Education programs are a collaborative effort of the University of New Hampshire Cooperative Extension, New Hampshire Department of Agriculture, Markets and Food, USDA Farm Service Agency, USDA Risk Management Agency, NOFA New Hampshire and private crop insurance agencies.
