ServSafe® is a national food safety certification program of the National Restaurant Association Educational Foundation and is recognized by the NH Bureau of Food Protection. This training provides participants with the latest science-based information on food safety and best practices in the industry. The ServSafe® program applies food safety to every aspect of the food service operation. The ServSafe® examination is administered at the end of the training (appx. 3:30 pm). Participants will be expected to study the book prior to attending the class. Passing requires a grade of 75%. Certification is valid for five years. The course is taught by Nancy Bradford-Sisson, UNH Cooperative Extension Educator who is ServSafe® certified instructor. Class size is limited to 25 participants.
