

UNIVERSITY of NEW HAMPSHIRE
COOPERATIVE EXTENSION

Apple Twilight Meeting

Carter Hill Orchard
73 Carter Hill Road
Concord, NH 03303

Wednesday, May 12, 2010
Registration 5:30 pm
Program 5:45 – 8:00 pm

Join the Larocque Family for an informational evening at Carter Hill Orchard in Concord, NH. Amy Ouellette of Merrimack County UNHCE and Todd Larocque of Carter Hill Orchard will host the evening. Cheryl Smith, Plant Health Specialist with UNHCE, will discuss how to monitor for secondary infection of apple scab using growing degree day models and talk about rotating chemistry to prevent resistance. Alan Eaton, Entomologist with UNHCE, will present results of the USDA's plum curculio management research. We will end the evening with a tour of New Hampshire Cider Works cider mill, run at Carter Hill by Rob Larocque and business partner Rick Duane.

1.5 pesticide re-certification credits available for private & commercial applicators.

Visit Carter Hill Orchard at www.carterhillapples.com for or email Amy at amy.ouellette@unh.edu for directions.

If you require accommodations in order to participate, please call Mary or Amy at 603-796-2151.
