

UNIVERSITY of NEW HAMPSHIRE
COOPERATIVE EXTENSION

Wine Grape Pruning Demonstration & Grape Disease Management Discussion

Sponsored by Merrimack County UNH Cooperative Extension

Friday, May 7, 2010
5:30 – 7:30 pm

Podere San Lorenzo
334 Emery Road
East Andover, NH

Howard Jelleme planted this established vineyard on beautiful high ground, reminiscent of the Tuscan hills of Italy, where he learned viticulture and winemaking over a period of many years. Podere San Lorenzo is located on Emery Road in E. Andover, a few miles off of route 11 between Andover and Franklin.

The Program:

Demonstration of pruning & trellising grape vines for superior quality wines
Howard Jelleme, Owner & Operator of Podere San Lorenzo

Grape Vine Disease Management
Cheryl Smith, Plant Health Specialist, UNH Cooperative Extension

Plus a lively discussion with Becky Sideman, Bill Lord & Amy Ouellette of UNH Cooperative Extension.

1 pesticide recertification credit will be available to those holding a private applicator – restricted use license from the NH Division of Pesticide Control.

For more information about this free workshop or if you require accommodations in order to participate, please call Mary or Amy at 796-2151.
