## Course Content

### Intermediate Maple Sugaring Workshop

Are you a hobby or backyard maple  
producer and thinking about upgrading or  
expanding your operation? Or are you new  
to this traditional New England pastime and  
want to dive right in?

Come to this hands-on workshop where the  
following topics will be covered:

- Sugarhouse design and safety
- "Professional" evaporator designs and  
sizing
- tubing fundamentals
- filtering and canning options
- small/medium sized vacuum systems
- sugarbush management
- on-line resources and equipment  
suppliers

This class will be in the sugarhouse and  
outside in the woods, so please dress  
accordingly. Weather permitting there  
might even be some sap to boil!
