

## Backyard Maple Sugaring Workshop – How to Make Your Own Maple Syrup!

Have you thought about making your own maple syrup? Do you want to know what is needed and learn how to do it? Attend this workshop if you do, it will cover all the steps from the tree to the table and plus the equipment needed. This special workshop is geared to first-timer and beginner *maplers* having less than 75 taps. All aspects of maple sugaring will be covered, including tree id, tapping, collecting, boiling sap, finishing, filtering and packing syrup. Equipment and supplies needed, especially sizing and operating small evaporators, homemade and commercial, will also be discussed.

This program is presented by Steve Roberge of the University of New Hampshire Cooperative Extension.

When:            Wednesday, February 2, 2011            6:00 pm to 8:00 pm

Where:           Sunapee Safety Services Building    Route 11    Sunapee, NH

This program is free of charge, but pre-registration is requested.
