

Fall 2009 GPS & You Workshop Series

GPS Basics

October 19, Concord, NH
October 21, Unity, NH
October 24, Madison, NH
9:00am to noon

Topics covered:

GPS concepts, GPS navigation
GPS point collection

Skill level: The Basics

Learn everything you ever wanted to know about how to use a handheld GPS receiver! These 3 hour workshops are designed to teach you about navigation and data collection with GPS receivers without taking up an entire day of the work week. These workshops are designed for people with no GPS experience, or basic GPS users who want to learn more about this ever more important technology.

GPS Basics is the first of the series, and is strongly suggested before taking Picture, Points & Places. Personal familiarity with the use of handheld GPS units or a previous GPS course with UNH Cooperative Extension can substitute for GPS Basics. While instruction will be based on the provided handheld GPS units (Garmin GPS 76), participants are welcome to bring their own GPS units to the course.

Pictures, Points & Places

October 19, Concord, NH
October 21, Unity, NH
October 24, Madison, NH
1:00pm to 4:00pm

Topics covered:

GPS & photo data collection
linking pictures to points in
GIS and Google Earth

GPS & You: GPS Basics

This course covers the basics of GPS technology, how to upload GPS points from a computer to your GPS unit, how to collect waypoints and how to navigate to points you have collected. Introductory presentations will explain the technology behind GPS, but most of the workshop will be spent outside putting handheld GPS receivers through their paces.

GPS & You: Pictures, Points & Places

This course builds on GPS Basics to by taking the next step: downloading GPS data from your GPS unit on to your computer for use in GIS programs and Google Earth. In addition, we will cover the collection of digital photos in conjunction with GPS points, providing an interactive map of your pictures in GIS and Google Earth.

\$35 per workshop

SPACE IS LIMITED - REGISTER EARLY

Registration info: Sharon at sharon.hughes@unh.edu or 603.862.1029

Course content: Shane at sbradt@ceunh.unh.edu or 603.862.4277
