

**2007 Goals of the Extension Educator Council
Established January 10, 2007**

1) Increase the visibility of the EEC among UNH Cooperative Extension staff.

We will accomplish this by:

- Incorporating education about the EEC into new-employee orientation programs
- Periodic e-mails from the EEC chair to our constituents informing them of “hot topic” issues we are working on and those we would like their input on
- Refining our Blog to make it more accessible and easier for our constituents to use
- Having council members promote the EEC at staff meetings of their individual program areas

2) Continue good communications with our Dean and Director and his staff

We will accomplish this by:

- Continuing to meet with our Dean and Director at least once a year or more frequently on an as-needed basis
- Continue to have our Associate Director be a regular participant in all of our meetings

3) Develop a PR brochure describing the functions and members of the EEC/OS/PAT councils to provide to new employees

4) Increase the number of nominations submitted to the EEC for UNH Cooperative Extension staff recognition awards and the UNH Presidential Award of Excellence

We will accomplish this by:

- Informing our constituents in a timely manner about opportunities to nominate colleagues who have demonstrated outstanding performance in their programming
- Provide our constituents with an easy method for submitting nominations
