

# Northeast Regional Tagging Symposium

## SAVE THE DATE!

**Date:** Friday October 17, 2008

**Time:** 9:00 am - 5:00 pm

**Location:** University of New Hampshire, Durham

**Purpose:** The goal of this public meeting is to discuss the incorporation of fish tagging data into fishery stock assessments and management. Tagging programs of several species will be highlighted, including: Atlantic cod, haddock, yellowtail flounder, striped bass, and tuna.

**Participants:** The meeting will be geared to a multi-stakeholder audience of fishermen, scientists, fishery managers, students, and others with an interest in tagging and population structure and dynamics.

### Organizing Committee:

Steve Cadrin  
NOAA/UMass CMER

Rachel Feeney  
Northeast Consortium

Ken LaValley  
New Hampshire Sea Grant

Gary Shepherd  
NOAA/NEFSC

Shelly Tallack  
Gulf of Maine Research Institute

Meeting agenda and registration information will be forthcoming.
