

Northeast Regional Tagging Symposium

SAVE THE DATE!

Date: Friday October 17, 2008

Time: 9:00 am - 5:00 pm

Location: University of New Hampshire, Durham

Purpose: The goal of this public meeting is to discuss the incorporation of fish tagging data into fishery stock assessments and management. Tagging programs of several species will be highlighted, including: Atlantic cod, haddock, yellowtail flounder, striped bass, and tuna.

Participants: The meeting will be geared to a multi-stakeholder audience of fishermen, scientists, fishery managers, students, and others with an interest in tagging and population structure and dynamics.

Organizing Committee:

Steve Cadrin
NOAA/UMass CMER

Rachel Feeney
Northeast Consortium

Ken LaValley
New Hampshire Sea Grant

Gary Shepherd
NOAA/NEFSC

Shelly Tallack
Gulf of Maine Research Institute

Meeting agenda and registration information will be forthcoming.
