

Speaking for Wildlife

Training for New Volunteers and

Presenting our newest talk “Landscaping for Wildlife”

Learn how YOU can deliver presentations and lead walks!

Friday, Feb. 10, 2012, 1-4 pm.

12-1pm - optional computer training

NH Fish & Game Headquarters, 11 Hazen Dr., Concord

What is Speaking for Wildlife?

Speaking for Wildlife offers Coverts Cooperators and other UNH Cooperative Extension volunteers (such as Natural Resource Stewards and Master Gardeners) training to deliver public presentations and nature walks on a variety of wildlife and natural resources topics. Join the 60+ volunteers who are already trained statewide - they've already delivered over 50 talks and lead more than 20 walks in the last year...and had a great time doing it!

Current presentations include:

- NEW! Landscaping for Wildlife
- Birds, Bats & Butterflies: Keeping Common Wildlife Common in NH
- New Hampshire's Wild History: 350 Years of NH Wildlife
- The Nature of New Hampshire: Natural Communities of the Granite State
- New Hampshire Bats
- Design Your Own Field Trip

As a Speaking for Wildlife volunteer, you'll have access to presentation equipment (laptops, projectors, etc.), handouts, books, an official fleece vest and other materials to support your talk or walk. You'll get support from County Extension staff, tips on public speaking, training on how to use presentation equipment, including Microsoft Powerpoint, and other practical tips. No public speaking experience necessary!
