The sap will be running soon! Have you thought about making your own maple syrup? Do you want to know what is needed?

Attend this workshop if want to learn the steps, from the tree to the table, plus the equipment needed. This special workshop is geared to first-timers and beginner maplers having less than 75 taps. All aspects of maple sugaring will be covered including tree identification, tapping, collecting and boiling sap, finishing, filtering and packing syrup. Equipment and supplies needed, especially sizing and operating small evaporators, homemade and commercial, will also be discussed.
