

ArcGIS Intro Workshops March to June 2012

ArcGIS Drivers Permit

1-day workshop
9am to 4pm

April 19, Conway, NH
May 11, Plymouth, NH

Topics covered:
ArcGIS 10
Exploring GIS maps
GIS techniques

\$99

Skill level: Fundamentals

Learn GIS basics and how to use ArcGIS 10 in a hands-on learning environment! This course is useful for people who have no prior GIS experience or GIS users looking for basic ArcGIS 10 experience. Activities focus on using ArcGIS 10 to get information from GIS data layers, answer basic questions and manipulate attribute data.

Participants will learn to:

make basic maps, add data layers to maps, query data; manipulate attribute tables: add fields, calculate values; symbolize GIS data

Introduction to ArcGIS 10

3-day workshop
9am to 4pm

March 6 to 8, Concord, NH
June 4 to 6, Lee, NH

Topics covered:
ArcGIS 10
Creating GIS maps
GIS techniques
GIS data maintenance

\$495 standard, \$349 reduced

Skill level: Fundamentals

Learn the ins and outs of working with ArcGIS 10 in a hands-on learning environment! This course is useful for people who have no prior GIS experience, as well as those who have used ArcGIS, but are new to ArcGIS 10. With a focus on New Hampshire data and applications, participants learn how to use ArcGIS 10 to produce attractive, effective maps. Data processing and data editing techniques are also covered.

Participants will learn to:

symbolize GIS data; add labels and annotation; query data; use geoprocessing tools: merge, buffer, dissolve; manipulate attribute tables by adding fields, calculating values, and joining tables; import data into ArcGIS, design maps using layouts

SPACE IS LIMITED - PRE-REGISTRATION IS REQUIRED
