

**2008 Goals of the Extension Educator Council
Established January 9, 2008**

1) Increase the visibility of the EEC among UNH Cooperative Extension staff.

We will accomplish this by:

- Periodic e-mails from the EEC chair to our constituents informing them of “hot topic” issues we are working on and those we would like their input on
- Reviewing EEC website page/blog and evaluating effectiveness as a communication tool
- Having council members promote the EEC at staff meetings of their individual program areas as issues arise

2) Continue good communications with our Dean and Director and his staff

We will accomplish this by:

- Continuing to meet with our Dean and Director at least once a year or more frequently on an as-needed basis for our staff to be more aware of issues that affect them as UNH employees
- Continue to have our Associate Director be a regular participant in all of our meetings

3) Increase the number of nominations submitted to the EEC for UNH Cooperative Extension staff recognition awards and the UNH Presidential Award of Excellence

We will accomplish this by:

- Informing our constituents in a timely manner about opportunities to nominate colleagues who have demonstrated outstanding performance in their programming
- Providing our constituents with an easy method for submitting nominations
- Encouraging Program Leaders to submit nominations for Presidential Award of Excellence
