September 10 - December 10, 2008

Wednesday Evenings

UNH Cooperative Extension
204 Nesmith Hall
Durham, NH 03824

Natural Resource Business Institute (NRBI)

*Building viable natural resource
businesses in New Hampshire*

We believe outreach education is the best way to strengthen the economic viability of New Hampshire's natural resource businesses.

Our Institute consists of an interdisciplinary team of University of New Hampshire Cooperative Extension educators from across the state working closely with government agencies, private businesses, and nonprofit organizations.

Over the course of 13 evening sessions, you'll build an operating plan for your natural resource business proposal.

Learn from experienced natural resource advisors and interact with fellow entrepreneurs as you find answers to your business questions.

The course meets USDA Farm Service Agency borrower certification requirements.

Participants can earn 4.0 CEUs through the UNH Professional Development and Training program.

Course details
