

# Kids Can GROW POPCORN!

*Celebrating*  
**100**  
1914 2014  
UNH COOPERATIVE EXTENSION

## Take the POPCORN CHALLENGE!

In honor of Extension's Centennial Celebration, we'll be going back in time to one of 4-H's earliest youth projects - growing corn!

Corn will be planted in June and harvested before the Deerfield Fair, where it will be judged and showcased.

1st Place.....\$75 gift card  
2nd Place.....\$50 gift card  
3rd Place.....\$25 gift card

Register by June 13 for the Kids Can Grow Popcorn Challenge! Contact:

**Joe Drake, 4-H Program Coordinator**

**joseph.drake@unh.edu**  
**(603) 679-5616**

The Kids Can Grow Popcorn Challenge is supported in part by Tractor Supply Co.'s 4-H Paper Clover Campaign.

## How Many Kernels Can You Grow?

**Ready for the Popcorn Challenge?**  
Here's what you will receive:

- Tom Thumb Popcorn Seeds
- Growing Instructions

Also available to first 30 participants:

- Potting Mix
- Planting Container

### About Organic Tom Thumb Popcorn

High Mowing Organic Seeds' Tom Thumb Popcorn is a New Hampshire heirloom improved by the late Professor E. Meader at the University of New Hampshire.

This extra early, open-pollinated popcorn succeeds even in cold climates. Dwarf 3' plants produce 1-2 ears that are 3-4" long. It makes nice petite yellow ears for table decorations or wreaths. It pops well and is a bit more dense than commercial popcorn.
