**ArcGIS Drivers Permit**

1-day workshop
9am to 4pm

November 16th, Laconia, NH
December 8th, Keene, NH

Topics covered:
- ArcGIS 9.3
- Exploring GIS maps
- GIS techniques

$90

**Introduction to ArcGIS 9.3**

3-day workshop
9am to 4pm

October 6th to 8th, Concord, NH
January 11th to 13th, Durham, NH

Topics covered:
- ArcGIS 9.3
- Creating GIS maps
- GIS techniques
- GIS data maintenance

$450 standard, $295 reduced

---

**Skill level: Fundamentals**

Learn GIS basics and how to use ArcGIS 9.3 in a hands-on learning environment! This course is useful for people who have no prior GIS experience or GIS users looking for basic ArcGIS 9.3 experience. Activities focus on using ArcGIS 9.3 to get information from GIS data layers, answer basic questions and manipulate attribute data.

**Participants will learn to:**

- make basic maps, add data layers to maps, query data;
- manipulate attribute tables: add fields, calculate values;
- symbolize GIS data

**Skill level: Fundamentals**

Learn the ins and outs of working with ArcGIS 9.3 in a hands-on learning environment! This course is useful for people who have no prior GIS experience, as well as those who have used ArcView 3, but are new to ArcGIS 9.3. With a focus on New Hampshire data and applications, participants learn how to use ArcGIS 9.3 to produce attractive, effective maps. Data processing and data editing techniques are also covered.

**Participants will learn to:**

- symbolize GIS data; add labels and annotation; query data;
- use geoprocessing tools: merge, buffer, dissolve; manipulate attribute tables by adding fields, calculating values, and joining tables;
- import data into ArcGIS, design maps using layouts
