2011 GPS Workshops in Hancock, NH

Skill level: The Basics
Learn everything you ever wanted to know about how to use a handheld GPS receiver! These 3 hour workshops are designed to teach you about navigation and data collection with GPS receivers without taking up an entire day. Designed for people with no GPS experience, or basic GPS users who want to learn more about this ever more important technology.

While instruction will be based on the provided handheld GPS units (Garmin GPS 76), the instructor will help participants with their own GPS units as time permits.

GPS & You: GPS Basics
Tuesday, October 4th
1:00pm to 4:00pm
