INTEGRATED COVER CROP FIELD MEETING

Meredith, NH

October 10, 2017
3:00pm to 5:00pm

Moulton Farm
18 Quarry Rd, Meredith, NH

Contact: Olivia.Saunders@unh.edu
or (603) 447-3834

Pesticide credits available, pending approval

Field meeting to learn and observe how a diversified vegetable farm is integrating cover crops into their operation. Talk with growers about the pros and cons, what’s worked, what hasn’t, and discussion on different seeding methods.

Field inspection of August-seeded multi species mixtures.

Be prepared to spend the session outdoors!

The USDA is an equal opportunity employer, provider and lender.
The University of New Hampshire Cooperative Extension is an equal opportunity educator and employer.
University of New Hampshire, U.S. Department of Agriculture and N.H. counties cooperating.
