You will be recognized as a UNH Cooperative Extension volunteer for the duration of your talk or field trip. For your own protection, before your talk or walk, you must notify UNH Cooperative Extension with the details of your event: location, date, duration, and any other partners co-sponsoring the event.

"You are hereby recognized as a volunteer of UNH Cooperative Extension. Your tenure will continue for one year from the start of this agreement or until your resignation or termination by the organization. The purpose of this letter is to comply with the provisions of RSA 508:17, the volunteer immunity law, as that law may be amended from time to time." The University of New Hampshire is committed to providing a safe environment for all persons, including but not limited to children, and to prevent abuse, neglect and crimes against children. Your volunteer role with UNHCE is not part of a UNH youth program designed specifically for minors. You should never be in a situation where you have unsupervised access to minors. You must let your supervisor know in advance if you intend to work in a youth program where you may have unsupervised access to minors so UNHCE can assure that you receive the proper screening and training.
