Barry Conservation 4-H Camp

2017 Program Schedule

4-H On the Wild Side

July 16 - 21

Ages 10-16

Cost \$495

Physical Activity Scale* = 2

In America's technology-based culture, the gap between youth and nature is growing. Experience nature and reunite with the great outdoors. You may have a chance to create a meal from gathered plants, fillet a fish and cook it over an open fire, sleep under the stars, climb a mountain, swim in a pond, create nature crafts, and more. Truly experience the great outdoors. Campers will also have a chance to enjoy a host of traditional camp activities like campfires, hikes, outdoor games, archery, and more. Sounds like fun!

4-H On the Wild Side is one of our most popular weeks. Our talented and creative camp staff go a little wild themselves as they plan and conduct this action-packed week of fun and learning.

*The **Activity Scale** estimates the level of challenging physical activity each week. 1=some, 2=moderate, 3=lots

The University of New Hampshire Cooperative Extension is an equal opportunity educator and employer. University of New Hampshire, U.S. Department of Agriculture and N.H. counties cooperating.
