

Wildlife Activity Kit Educational Materials

Education Materials

- - available on loan - -

Everyone loves wildlife, but many do not understand their habitats and needs.

These Wildlife Activity Kits were designed to provide volunteers / educators with information and activities specific to New Hampshire's Eco-regions, Watersheds, Habitats and Wildlife.

The understanding, importance and conservation of wildlife habitat can be promoted through the use of these materials. Kits include references, hands-on activities, incredible props, and factual information.

**Wildlife Activity Kit
Educational Materials
listed in this brochure are
available on loan
for a two-week period.**

Kits were created in cooperation with
UNH Cooperative Extension
Coverts Cooperators and
NH Fish & Game Department
