THE 4-H EXPERIENCE AT NORTH HAVERHILL FAIR

The 4-H experience facilitates the development of young people by encouraging them to personally explore a variety of interests and participate in the sharing of decision-making and program planning. This "learning by doing" instills in the 4-H member self-respect. The positive self-image gives the individual confidence and, therefore, contributes to his or her living a more satisfying life.

The North Haverhill Fair enables members to exhibit their projects and provides them with an opportunity to receive constructive criticism. We trust everyone involved with the fair will make this learning experience a meaningful one for each exhibitor.

The North Haverhill Fair Association has generously provided this Premiums List which has been planned especially for 4-H members.

All animals must be entered on entry forms. Substitutions may be allowed within the same class with approval from Extension Staff. Animal must be solely owned or leased/borrowed by one 4-H'er.

GENERAL GUIDELINES

Follow these general 4-H Guidelines:

1. All animals exhibited must be animals which are properly named on current forms. Exhibitors are responsible for presenting their own appropriate credentials, such as registration papers, Intent to Show or Approval forms, and lease/borrowing records at the proper time. Only original registration papers are acceptable.

2. All ages are calculated as of January 1 of the current project year. No youth under age 8 (Cloverbuds) may exhibit in a large animal 4-H livestock show. This includes horses, cattle, dogs, sheep, swine, llamas, and goats.

3. Age of animal. Any animal that will be shown in a 4-H class must have been born by and listed on the 4-H form by the specified date for that species.

4. 4-H members are solely responsible for showing and handling their animal in the ring. If a 4-H member has more than one animal entered in a breed or market class, they may ask another 4-H member to exhibit the second animal.

5. All animals or groups of animals shown must be owned or leased/borrowed by the 4-H member.

5a. Any 4-H'er attending the fair with livestock must show the animal.

6. All youth must participate in Fitting and Showing. They must use an animal that they will exhibit in a type, performance, or market class in the show.

7. It is the exhibitor's responsibility to know what class they are supposed to be in and when that class takes place. Exhibitors who miss their class will not be allowed to exhibit in a class designated for another group. Exhibitors who miss their showmanship class may exhibit in the rest of the show, but will receive no premiums. Exhibitors missing a breed, market, or performance class will not receive premiums for the class missed.

8. In NH 4-H shows where type (breed) classes are stipulated for registered animals only (in accordance with breed policies), a youth may exhibit a grade FEMALE in the show if they own or lease no more than one other eligible animal of that species. A grade animal is ANY animal that is not registered. It may be a full-blooded female with no papers OR a cross-bred female. It must meet age requirements for at least one class in the show. The grade animal may be exhibited within its age group in the registered division or a separate class may be held at the superintendent's discretion. Grade animals will receive full premiums. Grade males may not be exhibited except in feeder or market classes.

9. Youth will wear appropriate attire at all times while on the fairgrounds. Sturdy, closed toe, safe shoes are expected. No garments advertising any alcohol or drug products. Please see specific species for clothing used for each species.

- No midriffs showing
- No garments considered underwear worn as outer wear
- No straps less than one inch wide
- No short shorts allowed
- No revealing clothing – all clothing must be modest

10. Animal health should conform to current, applicable health standards as set by the New Hampshire Department of Agriculture and announced by the NH State Veterinarian, Dr. Stephen K. Crawford. This information is available in the "Health Regulations for New Hampshire Fairs and Shows" document.

*In addition to current health standards, all animals exhibited at a 4-H event or show must show proof of immunization for rabies at least 30 days prior to and within one year of the 4-H event. **Health checks will be performed by a designated representative PRIOR to unloading or penning of any animal.** Subsequent health checks may be performed at any time by a designated representative while animals are on the fairgrounds, if health concerns are identified. **Any sick/unhealthy animal will be sent home.***

PLEASE!!
NOTE

11. No adults are allowed to fit, care for, or milk 4-H animals. We recognize the fact that 4-H'ers need assistance from adults when arriving on the fairgrounds, but during the fair, the 4-H'ers must take care of their project animals.

12. **4-H members are the sole responsibility of their parent or guardian during the entire duration of the fair.**

13. 4-H members and parents or guardians shall conduct themselves appropriately, reflecting positively on the 4-H program.

14. Youth shall represent 4-H and their project to the general public in a positive way, helping to inform them about 4-H and agriculture. Actions must reflect the highest standards of honor and integrity and the best practices relating to their animal project. No type of animal abuse shall be tolerated.

15. 4-H members shall not use or possess alcoholic beverages, tobacco, or controlled substances. 4-H'ers using illegal substances will be asked to leave. No premiums will be awarded.

16. Animals are shown at the risk of the 4-H owner or lessor. Any damages to persons or property are the legal and financial responsibility of the 4-H member and their family who owns and leases the animal.

17. Direct criticism or interference with the judge or fair/show officials (by exhibitors or parents/guardians) before, during, or after the competitive event is prohibited. Prior accommodations have been made to insure the inclusion of all youth. Please respect the judgment of our superintendents, staff, and show judges. All judges and fair/show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them. Failure to comply will result in a request to leave the fair and surrender premiums.

4-H Barn Rules and Regulations

1. You are responsible for keeping your animals, your stalls, the aisles, the tack areas, and the areas out in front and behind the barn clean. If your area is not kept clean, you will be asked to clean it immediately.
2. If you are unable to stay on the grounds all week please let the 4-H Superintendent know who will be responsible for the care of your animal(s), and how staff can contact them if needed when a problem arises.
3. If you are tending animals elsewhere on the grounds, or showing animals in the show arena, remember that you need to check on the animals housed in the barn at least once an hour.
4. **4-Her's are expected to do their own chores. No adults are allowed to fit or care for 4-H animals.** (4-H'ers may need assistance from adults when arriving on the fairgrounds, but during the fair, the 4-H'ers must take care of their project animals.)
5. All chores must be finished by 8:00am daily, unless notified otherwise. Chores include feed, water, cleaning both inside and outside the barn, and emptying the wheelbarrows.
6. When you feed hay, retie the unused bale. Tying keeps the bale from falling apart and becoming strewn over the floor. Retie opened grain bags too.
7. Keep your equipment locked if possible. We cannot be responsible for lost or stolen articles. Ask before borrowing equipment and always return whatever was borrowed.
8. Do not throw paper, cans, litter, etc., in the manure.
9. Shovels should be free of manure after use.
10. Feed buckets should be cleaned after each use.
11. All exhibitors will be scored twice daily on Herdmanship. Judging will be based on general appearance, educational display, care of animals and pens, personal appearance and conduct, care of show box and equipment, availability to answer questions, conduct with the public and giving guidance to younger 4-H members in need.
12. 4-Her's who bring a milking animal are personally responsible for milking that animal; (parents and 4-H leaders are not). We suggest leaving your animal at home if it is temperamental when being milked.

If for any reason, even up to the last minute, you cannot come to the fair please call the Extension office (787-6944) or the Superintendent, Lurette Page at (603)787-6048, to let them know.

Dogs must have documented kennel cough vaccination given within the past 6 months. No puppies under the age of 3 months can stay on the grounds. If you must bring a puppy with you, it **MUST** have a valid rabies and kennel cough certificate.

Educational Kennel Display (optional):

The display is based on the area where 4-Hers have set up their supplies for the day (crate, grooming table, first aid kit, equipment, etc.) and the management of the area in which dogs resided during the competition. The main goal of this is to keep the area clean, neat, provide adequate equipment and care to the dog(s), and to educate the public with a display, poster, or wall hanging in the 4-H member's area. As a 4-H member, youth should help educate the general public about their project.

Educational information (NO personal information) such as breed information, events, and safety are some topics that are interesting and helpful to the public. (This is based loosely on the Eastern States Exposition 4-H Dog Kenneling Program.)

Displays will be reviewed, and recognition will be given. (no premiums)

- **Breed Information Card:** The 4-H member should bring a 5x7 card with information about the breed (which will be used during the dog show so that spectators may be informed about different breeds).
