

# New Hampshire Land Trust Coalition FALL 2017 Workshop

Thursday October 12, 2017, 8:30am – 12:15pm  
NH Fish and Game Dept, 11 Hazen Drive, Concord

## Getting Above it All: Using Drones (UAVs) for Conservation

*Photo Credit: Ausbon Sargent Land Preservation Trust*

UAV's? Huh? NHLTC's fall workshop will explore the cool and useful ways Unmanned Aerial Vehicle (UAV) technology (also known as drones) can improve your work! Speakers will discuss using UAV's to assist with:

- boundary surveys and baseline documentation;
- monitoring easements and management prescriptions;
- outreach and building increased awareness of your land trust and its conservation goals.

Be part of the discussion...This is one workshop that won't "drone" on and on!
