

Annual Meeting and Winter Workshop

Hiking the Line: Finding Balance on Well-loved Trails

Thursday February 22, 2018, 8:30am – 12:30pm

NH Audubon McLane Center, 84 Silk Farm Rd, Concord

This workshop and discussion explore the world of trail use, mis-use, and over-use on some of our cherished conservation lands. Learn from trail management experts who are working to manage well-loved trails in New Hampshire. Identify the signs of potential concerns to both the local ecology and the local populace, and learn about approaches used to mitigate trail over-use. We'll touch on some planning aspects, too. If you have a favorite trail on your conservation land and want to manage it properly, this workshop is for you!
