Source(s) of Public Drinking Water that will be protected

10-digit US EPA Public Water Supply ID number(s)

If ID # has not been assigned, please describe the source(s) of public drinking water that will be protected:

Additional eligibility criteria

Is all of the land (including match) undeveloped and free of contamination and potential contamination sources? If not, please describe plans for restoration.

Will the easement(s) or other interest(s) be obtained from a willing seller?

Parcel(s) to be Protected

ver. 3/6/2018

List all parcels to be acquired with Drinking Water and Groundwater Trust Fund grant funds and provide a map or maps. Also include map(s) of match parcels. (Note: Parcels that are already permanently protected prior to filing the Eligibility Application are not eligible).

| Parcel | Funding Amount Sought |
|--------------|-----------------------|
| | |
| | |
| | |
| | |
| | |
| TOTAL | |

Project structure

Describe how the land conservation project will be structured, if known. For example, include what interest is being acquired by whom (including match parcel(s), who will own each parcel, who will hold conservation easement(s), who will have rights of enforcement, who will be responsible for long-term stewardship of each parcel, the estimated or assessed value of the parcel(s) or interest(s) to be acquired, how much money will change hands, and in-kind contributions.

Estimated total project costs/value.

| Category (add rows as needed) | Cash | In-Kind | TOTAL |
|-------------------------------|------|---------|-------|
| Fee and/or easement | | | |
| | | | |
| | | | |
| TOTAL | | | |

Anticipated sources of funding.

Total should equal totals in previous table.

| Source | Cash | In-Kind | TOTAL |
