

GROWING TRUE LEADERS

May 18 - 19, 2019

NH 4-H Shooting Sports Leader Training

Barry Conservation 4-H Camp, Berlin, NH

The New Hampshire 4-H Shooting Sports Program is hosting a workshop to certify volunteer leaders to teach one of the following Program disciplines*: archery, black powder, pistol, rifle and shotgun.

Shooting experience is not essential, but a willingness to learn how to work effectively with youth is. Lessons will be conducted in the 4-H way — “learn by doing” — and will include about 12 hours on the discipline and 6 hours on positive youth development.

This training is open to currently enrolled 4-H leaders and teens 16 or older. Sessions will begin Saturday morning at 8:30 a.m. and continue all day and through the evening. We'll wrap up Sunday around 2:00 p.m. Early arrival begins 4 p.m. on May 17

WHAT IS SHOOTING SPORTS?

Shooting Sports is an active program for youth and adults that assists young people in personal development, establishes a personal environmental ethic, and explores life-long vocational and leisure activities.
