August 8  Maynard Forest, Gilsum
Join forester Charlie Koch, county forester Steve Roberge and land manager Rick Brackett for a tour through a long-term forestry study including American chestnut reintroduction, deer exclosures, and American beech control at the Maynard Forest. Learn about the benefits of healthy chestnuts as well as the issues surrounding beech bark disease and deer browse.
Location: Old Keene Rd, Keene NH  DIRECTIONS

August 15  Bonds Corner Woodlot, Harrisville
Join landowners Noel Greiner and Christine Destrempes and forester Charlie Koch to learn about how they are managing conservation land for the future. They manage their land to enjoy its beauty and as a growing resource for their family, the wildlife and community welfare.
Location: Bonds Corner Rd, Harrisville, NH  DIRECTIONS

August 22  Rand Brook & Carbee Tree Farm, Greenfield
Join neighbors and conservation easement landowners, Monica & Michael Lehner and Hunter Carbee to learn about their strong connection to the land. We will look at areas of mature forest, young forest habitat resulting from a 2008 timber harvest and a Christmas tree farm.
Location: East Road, Greenfield NH  DIRECTIONS

September 19  Blanchard Hill & Woodland Hill Farms, Greenfield
Come and learn from neighbors, Sheldon Pennoyer & Penelope Beal and Jesseca & Abe Timmons who, along with their family members, have been managing their land across property boundaries for 20 years. Their story will include discussion of an extensive network of carefully maintained walking and mountain biking trails, wildlife habitat improvements, field reclamation and their passion and commitment to thoughtful stewardship and partnerships.
Location: 81 Fletcher Farm Road, Greenfield NH  DIRECTIONS

September 26  Roaming Badger Farm, Peterborough
Landowners Swift, licensed forester, and Beth Ann Corwin will lead us on a walk that focuses on how they are managing their land in context of the broader landscape. Come and learn how conservation lands can be managed for timber production, wildlife habitat, maple syrup and recreation.
Location: 560 Windy Row, Peterborough NH  DIRECTIONS
