

Inspire to be a generation of scientists!

# Forensic Science Fiction

Love science and puzzles?  
Interested in DNA, drug  
chemistry, ballistics, pattern  
evidence? Enter the world of  
forensic science and discover  
the variety of disciplines offered.  
Join us each week, where we  
tackle a new forensic science  
topic, and uncover new  
information to become one step  
closer to solving a case!
