

Visiting New Hampshire's Biodiversity

**Experience exceptional biological sites in New Hampshire!
Visit and learn about our oldest forests, rare and unusual plants,
special ecosystems, remarkable wetlands, and more.**

Brochures are 2-sided and include maps, trail information, ecology facts, and driving directions.
Site guides available for 20 properties across New Hampshire at:

www.nhdf.org/Natural-Heritage/Visiting-NH-s-Biodiversity

The Visiting NH's Biodiversity brochure series is produced by the New Hampshire Natural Heritage Bureau, with support from the Conservation License Plate Program (www.mooseplate.com).
