UNH Extension Stewardship Network Fellowship
Summer Internship in Land Stewardship & Conservation Field Work
Summer, 2015

What?
This internship will assist New Hampshire-based conservation organizations and agencies in implementing land and water stewardship projects and environmental research projects.

Staff from the Stewardship Network: New England and UNH Cooperative Extension will coordinate an internship with a variety of projects over the summer, allowing the successful intern to work with up to five different New Hampshire environmental organizations. Stewardship and conservation projects are to be selected to offer a diverse set of opportunities, including those related to wildlife and habitat management, land conservation, recreation on conservation lands and ecological restoration.

Who should apply?
Undergraduate students enrolled in a degree program in a related field, with special consideration given to those enrolled at the University of New Hampshire Durham and Manchester campuses.

Requirements
• Background in natural resources, wildlife, environmental stewardship, ecology or similar fields
• Interest in building both natural resource field skills (data collection, mapping, field analysis) and non-field skills (communication, data management, environmental education)
• Good communication skills – oral, written and ability to work independently and in a team setting
• Timely reporting of hours and mileage
• Participation in Extension evaluation activities related to the internship
• Students must supply their own transportation to the UNH campus and must transport themselves to field sites as necessary (mileage reimbursable). If project sites are located more than 1 hour from Durham, rustic housing will be provided (such as a full-service campsite, home-stay, or similar)

Timing and Salary: The successful intern will be paid a rate of $10/hour. Candidates are expected to work a 32/hour work week for a 10-week term, approximately June 1 - August 7, 2015 (dates are flexible).

HOW TO APPLY: Please send resume and cover letter detailing your interest by Mar. 1, 2015 (late applications will not be accepted), to:
