Barry Conservation 4-H Camp Sponsors

Greetings,

It's the first day of fall and we're one season closer to summer 2021. Thank you very much for your previous support of Barry Conservation 4-H Camp! Sadly, the 2020 season was cancelled due to the pandemic which has the BCC community looking forward to next summer more than ever. This year, we will open enrollment to the public in mid-February. However, we want to provide an opportunity for sponsors to reserve spots now. **The big change this year, is that we will require that sponsors name their campers by February 5.** We realize that this will require change for some, but we can't continue the logistical nightmares and losses of the past. That's a big reason why we are sending this now so that you have more than four months to select your camper(s). Thank you for your understanding. Here's the plan - please read carefully.

- Contact us by phone, email, or standard mail between now and **February 5** to save your spot(s). **We need to know three things for each camper you'll be sponsoring:**
  1. **Name** (please be sure to spell correctly)
  2. **Gender**
  3. **Session**
- Payment must be received by June 1.

**Please note that deadlines are firm and we will not be able to make exceptions.** Additionally, sponsoring organizations must make their camperships available to a group of potential campers. For example, a business cannot reserve spots and give them to friends or family members only. This violates the spirit of the campership program.

Unfortunately, the 2021 season must come with a qualifier due to the uncertainty regarding the pandemic. We may have to make changes next summer to adhere to regulations. If that happens, we pledge to be as fair as we possibly can be if adjustments are needed.

The rates year are \$540 for a full week, \$330 for Mini Camp and Junior CO weeks. This is a slight increase and our first since 2018. You can learn more about the dates and weekly themes by viewing the attached flyer.

We hope that you'll consider sponsoring a camper(s) this year. Barry Camp is a very special place there's no doubt that it's going to be even more special in 2021. There is a little magic there and sending a child to summer camp can - and often does - change lives for the better!

As always, give me a holler if you have any questions.

Thanks for your support,

A handwritten signature in blue ink that reads 'Larry Barker'.
