

Cloverbud Horse Knowledge Resources:

Cloverbuds are young 4-H members ages 5-7. Cloverbuds may participate in non-competitive learning activities, and do not work directly with large animals. Use the resources below to help Cloverbuds have fun learning more about horses. For those ready for more of a challenge, check out the Junior resources (they may need modification for Cloverbuds).

The resources on the following pages are to assist members and leaders in learning material that has been previously introduced. Use them in whatever way is most helpful. Have fun!

Face Markings:

Write the name of the face marking in the space (use the words on the list to help you). Check your answer on the next page.

Bald
Blaze
Snip
Star
Stripe

Face Markings answers:

Star

Blaze

Bald

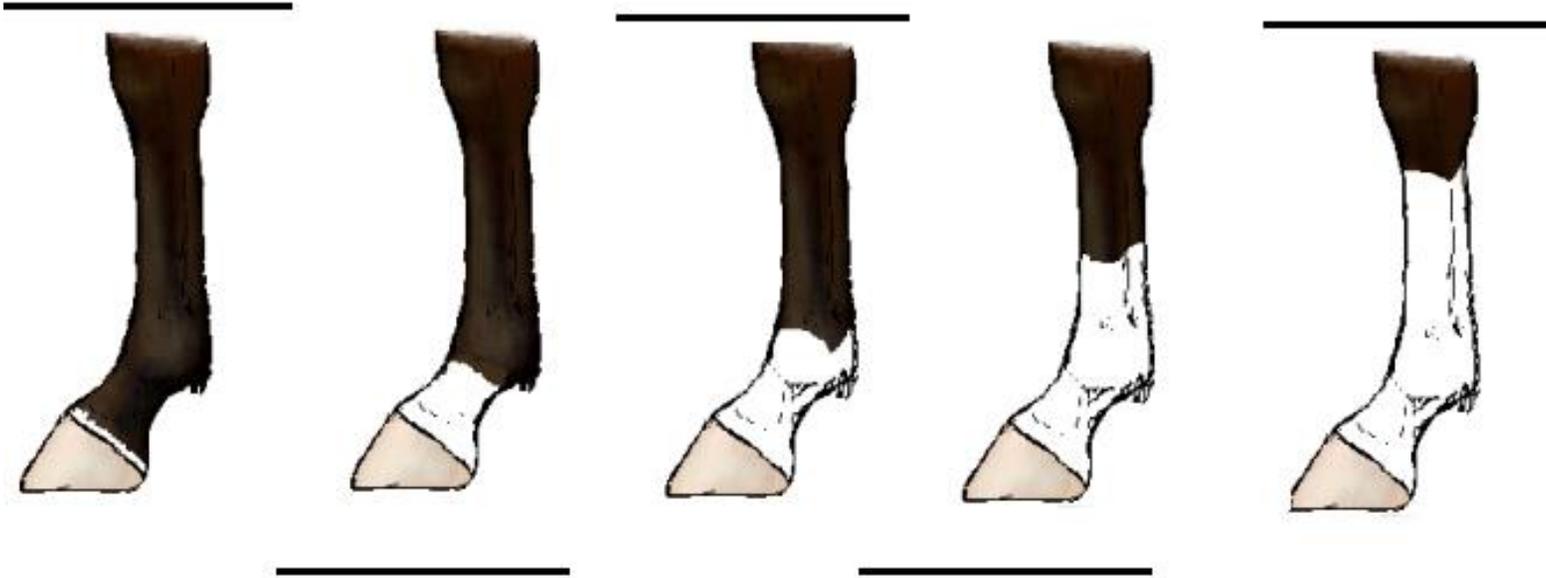

Stripe

Snip
