*In 2019, for every \$1.00
Merrimack County
contributed, UNH provided
\$1.67 of statewide resources.

Centrally located in the heart of New Hampshire, Merrimack County is home to the state's capital city of Concord, the Merrimack River Valley and abundant farms and forests. This past year, Extension's staff conducted the Community Profile and Business Retention and Expansion program in Northfield and advised 91 landowners about managing their forestland. Staff supported families through 4-H clubs and nutrition education for limited-resource families in the county. A total of 2,652 Merrimack County citizens attended trainings in areas such as livestock management, crop production, safe food handling, pest management, agricultural marketing, farm business management and water quality protection.
